

Application for Registry
American Gaited Mountain Horse®
(Please use separate form for registry with Am. Spotted Mountain HorseSM)

Stallion____Mare____Gelding____ Foal Date_____

Color:_____Markings:_____

As of January 1, 2008, the following horses are eligible for AGMH registration:

- 1) Horses whose parents are both registered AGMH OR
- 2) Horses, regardless of registry of the parents, that can be shown by credible evidence to have at least 50% Mountain Horse Heritage Ancestry (defined below), with the remaining percentage being gaited stock.

1. Registration of a horse currently registered with existing Registries:

NAME Requested (if this horse has multiple registered names, please state the preferred name):

Enclose copies (front and back) of certificates with all Mountain Horse registries.

2. Registration of horse not currently registered in another registry:

Name(s) requested (list three in order of preference):

Sire's Name:_____

RMHA #_____ MPH#_____ AGMH#_____ KMSHA#_____

Other breed registration name and # _____

Dam's Name:_____

RMHA #_____ MPH#_____ AGMH#_____ KMSHA#_____

Other breed registration name and # _____

(Enclose proof of sire and dam's registration(s) with all registries)

4. List all World or International Championships, Superhorse, Sam Tuttle, Versatility, High Point and other similar level awards in all Mountain Horse associations won by the Horse applied for, stating the title, organization and year(s). These awards will appear on the Certificate.

5. DNA Requirements: Any horse registered with RMHA or MPHA is not required to provide separate DNA for AGMH registration, but should enclose a copy of the U.K DNA testing results. **Fillies/Mares** or **Colts/Stallions** not yet registered with a DNA sharing registry, or who are

registered solely with a non-sharing registry, **must submit a DNA kit and fees with this application.** Geldings must provide DNA for I.D. purposes, and must prove parentage to any Heritage Ancestry (**defined below**) that is declared.

Any declared Heritage Ancestry parentage must be proven by DNA before an AGMH[®] Certificate can be issued. Proof of parentage to any non-Heritage Ancestry parent is not required.

A DNA kit can be purchased from AGMH[®] for \$43.00. Alternatively, applicants may pull 20-30 tail hairs with root bulbs attached, cut the sample to 3-4" inches, tape it to a piece of paper with the horse's name clearly printed, and place in a paper envelope (not a plastic baggie). Send the sample along with the \$43.00 fee to AGMH[®] at the address below, and we will submit it with the proper paperwork to UK. **All DNA reports obtained through AGMH[®]/ASMH will be made available (upon request) to any other registries.**

6. Include four color photos --- front, back, and both sides. A picture will be added to your certificate. If you have a preferred picture, please mark your choice clearly.

The undersigned hereby certifies the statements on this application are true and complete, and requests that an AGMH[®] certificate showing information on all registries be issued. By signing this application, the owner/applicant agrees to abide by all AGMH[®]/UMH Rules and Regulations.

Definition of "Heritage Ancestry":

At least 50% of the ancestry of the horse presented for registration is comprised of horses either registered with RMHA or MPHA, or eligible to be registered with RMHA or MPHA, or, if not eligible, they are not eligible for a technical reason not involving actual lineage, such as the certification of the parent did not occur until after the offspring was conceived, or the parents were not registered even though eligible.
